The Camogale Proparation by Dr Wm. Evans is underiably entitled to this enviable distinction, for whilst no medical authority in existence condemns it, every medical practitioner that is acquainted with it, freely acknowledges ats pre-emment virtues and that the latter should do so in opposition to their personal interests, must be attributed either to their candor and love of truth, or to their unwillingness ro fly in the face of all observation, and the testimoy of thousands.

Dr. W. Evans does not protend that his Camomile Tome Pills will care all diseases. He trackly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone," and wishes notody to believe that he sells the "Elixir of Life," but he does say, and he does believe, and he can prove, that in debility and in paired constitution; in Nervous diseases of all kinds; in weakness of the digestive organs, in incipient consumptions, whether of the longs or the liver; in the dreadful defilling oreasionedby the use of purgatives; in palsy, theumatism, (more especi-ally) in the sickness incident to mothers, and to females of relaxed nerves; in every case of delirium remens, or that disease which is brought, on by intemperance; in the wretched horrors of hody and mind which are rue from occasional inelirity; loss of appetite, langor, melanchuly, pains in the head, limbs, or side; in routupt sallow, and ancomely complexion, caused by the had state of the fluids. in all those cases, and in others mentioned in the bills of directions given with his medicines, HE noEs sax, that the Camounile Touic Pills, interchanged seems shally with his Aperious Family Pills, (the best known; which are sold with them, will effect immediate relief; and if used but for a fair period of trial a perfect cure. This much is placed beyond a doubt by daily testimonies which would be given on oath, and for this much Dr W. Evans can conscientiously request confidence. He therefore need only add that his Camounile Tonic Pills, together with his excellent Family Aperient Pills, can be obtained wholesale or retail at No. 7. Division street near Chatham square, N. York, and his authorized agents

in town and country. Other and more conclusive demonstrations of the offerey of Or Evans! Campmile Preparation and Aperical Medicines, are submitted by the following important and extraordinary cures effected by their highly medicinal qualities; all of which may be seen at Dr. Wm. Evans' Medical Office, No. 7, Division street. One or two of these he herewith reg

spectfully gives to a discriminating public.

Dr. Win. Evans Sir, be pleased to receive the thanks of one who has been a great sufferer for several years; for the great benefits she has seceived from the virtues of your inestimable Camomile Pills. She has suffered with pain and distress in the head, a lightness across the head, a lightness across the stomach, shortness of breath, and palpitation of the heart; exercise would almost overcome her; but since using your Camoinile Tonic Pills, her complaints are removed she is able to exercise without fatigue and she is happy to say, can enjoy life comfortably again.

In May she commenced using Dr W. Evans Camomile and Family Aperion Pills, according to the direction accompanying them. A reaction took place; the pains and pressure in her body was removed, her mind became clear and strong; her spirits perfectly good, and up to this time is in all respects restored to health, which for the last 10 years she has not enjoyed."

- JONAS SNYDER. Sept 2, 1836 On Low Spirits - Low spirits is a certain state of the mind, accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined, Ancient writers supposed this disease to beconfined to those particular regions of the abdomen techni-cally called hypochondria, which are situated on the right or left side of that cavity, whence- comes the

name hypochoadriasis...
STMPTOMS: The common corp-rest symptoms are flatulency in the stomach orbowels, acrid eructations, costiveness, spasmodic pains, giddiness, dinness of sight, palpitations, and often an utter inability of fixing the attention upon any subject of importance, or engaging in any thing that demands vigor or conrage. Also languidness; the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied with a total derange-ment of the nervous system. The mental feelings and peculiar train of ideas that haunt the imagination and overwhelm the judgment exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest,

CAUSES. A sedentary life of any kind especially severe study, protracted total late hour in the night, and rarely elieved by social intercourse, or exercise, a dissolute liabit, great excess in eating and drinking, the immoderate use of mercury, violeft purgatives, the suppression of some habitual discharge, or long continued eruption; relaxation or debility of one or more important organs withandomen, is frequent cause.

TREATMENT The principal objects of treatment are, to remove indigestion, to strengthen the body and to eliven the spirite, which may be promised by exercise, early hours, regular meals and pleasant conversation. The howels (if costive) being carefully regulated by the occasional use of a mild aperient. We know nathing better calculated to obtain this end, than Dr. Wm. Evans' Aperient Pille being mild and certains a their operation. The howels being once cleansed, his inestimable Camemile Pills, (which are tonic, anondyne, A. anti-spasmo). ic) are an infallible remedy,& without dispute have

proved a great blessing to the numerous public.

Some physicians have recommeded a free use o mercury but it should not be resorted to; as in many cases it will greatly aggravate symptoms. Buld -haleenle und folpil by
